I didn't use a macro lens because of the next item.

Photoshop One of my old PPSOP instructors, Pete Saloutos, had taught me a bit about I'm not quite sure that I get all the subtleties just yet, but here's a crack a few NS photos. I've been away too long.

the first thing I noticed was that I had few mushrooms growing in front of Equipment The best piece of advice I read was to keep it basic with respect to equipment. pioneered some techniques on luminosity masking in Photoshop, and co-wrote a couple of tutorials with Saturday, May 21, 2011 Cabin Moths Was going out shooting this morning.

For me, the change started with me putting in a darkroom at home and seeing what can be physically done to photos during the process.

Did you notice the lack of tripod above? You don't need one.
