I'm glad I shot it today.

I was a bit of a purist with good reason -- still trying to learn how to use that tool called a camera.

I had never tried a concerted effort at shooting mushrooms before; I did shoot those tree fungi in the Los Hongos de Marosa post a few weeks ago, but that was more opportunistic than an all out mushroom photo hunt.

I used a small 10" hand-held reflector, but a sheet of paper would work perfectly too.
