composition, negative space, photo Sunday, March 27, 2011 Highland Bulls Was out shooting on a cloudy day, came across these fellows.

sports photography and adjusting images in Photoshop.

I now see why.

Extension tubes allow your camera and lens to come closer to an object.

But until then, random walk experiments continue.

I'll be back.

These mushrooms are in dark places as well as light ones, but they are down low in the shadow land, and you need a way to consistently light them up, both from above and below.

A perfect idea for photos, I thought.
