I used a 28-135mm zoom lens.

I'm glad I shot it today.

(This is Jenna's, but I cropped and photoshopped this one a bit -- I couldn't let her have all the fun!) And as for me actually taking photos this year, I have.

I had never tried a concerted effort at shooting mushrooms before; I did shoot those tree fungi in the Los Hongos de Marosa post a few weeks ago, but that was more opportunistic than an all out mushroom photo hunt.

Easy choice: get the tubes.

I was a bit of a purist with good reason -- still trying to learn how to use that tool called a camera.

I also took some of the techniques I've learned from David Nightingale's Chromasia tutorials and applied them as well.
