You are going to make a lot of exposures of each mushroom, adjusting angle and light.

His suggestion was to take the tutorial and breath some new life into old photos, so I did.

You have to be a Chromasia member to see them, but you can see some of the earlier write-ups and instruction for free over at Tony's site at <http://goodlight.us/writing/luminositymasks/luminositymasks-1.html>.

Or, you can spend only about \$100 and get some Kenko Extension Tubes, and they will work with any lens in your bag.

Believe it to be Tettigoniidae Pseudophyllinae, but if you know a more accurate classification, drop me a note below and I'll change it.

A bit of cool weather and they were all happy to spring to life.

Yes, I've been shooting, but loading mostly to Facebook page -- posting some relatively ok stuff there.
