Labels: hand, leaves, studio, white Friday, October 22, 2010 Luminosity Masking Fellow named Tony Kuyper Did a bit of research on the web, here's what I discovered and practiced when I started out to the yard. Here are some of the better (and some of the more experimental) results. Plastic bottle and some extension tubes.

Great all purpose lens for this type of photography. Portable flash and controller.

The advantage of luminosity masking is that it targets certain parts of the the image based on level of brightness, not specific geometry -- so you are adjusting things along a new type of dimension. I did this one.
