I was a bit of a purist with good reason -- still trying to learn how to use that tool called a camera.

(This is Jenna's, but I cropped and photoshopped this one a bit -- I couldn't let her have all the fun!) And as for me actually taking photos this year, I have.

I used a small 10" hand-held reflector, but a sheet of paper would work perfectly too.

I used a 28-135mm zoom lens.

Signed up for a new class starting next month at PPSOP called Stretching Your Frame of Mind, taught by Joe Baraban.

Seeing a photo of the underbelly is pretty rare on the interwebs, so here's my contribution.

I'm glad I shot it today.

I had never tried a concerted effort at shooting mushrooms before; I did shoot those tree fungi in the Los Hongos de Marosa post a few weeks ago, but that was more opportunistic than an all out mushroom photo hunt.
