conceptual, photo, studio Negative Space I'm trying to learn about negative space this week.

Here are some of the better (and some of the more experimental) results.

comments Labels: luminosity, masks, photo, photography, photoshop Sunday, September 19, 2010 High Pass Filter and

Plastic bottle and some extension tubes.

Great all purpose lens for this type of photography.

Portable flash and controller.

I did this one.

The advantage of luminosity masking is that it targets certain parts of the the image based on level of brightness, not specific geometry -- so you are adjusting things along a new type of dimension.
